## W. C. T. U. HAD WARM DISCUSSION Motion to Raise One Thousand Dollar

League Went Over breezy time, this afternoon, in the state convention of the Women's Christia Temperance Union just prior to adjourn mixed up in the closing debates, just a usiness was going with a rush, and in a few minutes, all was confusion.

The state president, Mrs. Caulk, with der and then asked that they bow their and then the women all came up smiling The trouble arose over an effort of Mrs. L C. Marks, of Wilmington, and Mrs. J R. Milligan of St. Georges, to get favorably considered a motion to raise \$1,000 for the Anti-Saloon League. This brought up Mrs. L. W. Emerson, of Wilmington, and Mrs. Martha Scott, of Newark, in sturdy opposition.

"Why," declared Mrs. Emerson, with great vigor, "this Anti Saloon League has now endorsed men who are not in sympathy with the principles to which we have dedicated our lives, and are openly supporting men who are identienemy of our cause. Don't let us go the Anti-Saloon League's actions.'

In the stir that followed, somebody nentioned the name of the attorney-gen eral nominee, Andrew C. Gray, who had en placed upon the Prohibition ticket with the endorsement of John M. Arters, anti-saloon superintendent. This brough Mrs. Mary Mills Wolcott of Dover, to her feet vigorously defending Mr. Gray, but declaring that the W. C. T. U. could not ratify the selections of candidates for League, for they had endorsed at the head of the Prohibition ticket, the Republican nominee "who is known far and wide as the author of that vile voters' assistant law, which has caused all the corruption of the electorate in Delaware. Then the convention prayed and let the

## THE NEW ROAD

Rapid progress is being made in the construction of the new road leading from the western limit of Middletown to the Maryland-line near Warwick. The material used is a limestone for which it is claimed, that, being softer than the granite used on the Odessa road, it will be easier on the feet of horses and the surface will keep good. The contractor doing this work has built many roads and he says that this road is the busiest one he has vet worked on. There is more travel than on any other road.

Many people in the town think that while the contractor is at work here it would be a good idea to build a stone road within the town limits, from the railroad to the starting point of this road, a distance of about a quarter of a mile. We have been informed that such a road can be built for about 90 cents per lineal foot or a little over \$1000 for the job. There is, of course opposition based on the claim that such a large sum, not having been included in the estimates at the beginning of the year, should not be expended unless the entire matter could be discussed at a public meeting of tax payers. On the part of those favoring this move, the claim is made that more than three fourths of the business of this town, comes in over this road and that it costs from \$100 to \$150 annually to keep the road in its present unsatisfactory

condition. One matter, not directly connected with a solution of the above question may well be con sidered at this time. The town of Middletown receives from the road taxes of St. Georges Hundred \$600 annually. This amount was determined at a time when it about represented the amount of road taxes paid on town propi erty. The total assessment for road purposes at that time was about \$250,000 and the rate was from 22 to 27 cents per \$100. As the town has grown the assessment has increased to approximately \$550,000 and the tax rate to forty cents. It would be only fair to have this matter presented to the next legislature and have the town's share of the road tax proportionately increased. This can only be done by legislative enactment.

DEMOCRATS OUT WITH "GLAD HAND" Candidates on the Democratic Congress onal and State ticket will begin their "glad hand" campaign throughout Delae to-day. Dr. Rowland G. Paynter, L. Irving Handy, Andrew C. Gray, Frank L. Hardesty and others on the ticket will begin their house-to-house visitation throughout Kent county. They will start from Smyrna, and expect to swing through that county, not only anpealing personally to the voters in the towns but in the country districts.

The "glad hand" campaign was planned at the meeting of the Democratic State Committee in Wilmington last week, and the idea of the spellbinders is to try to call on as many voters person ally as they can from now until election. day. They will have imprompts meetings in the various towns they visit while handing out the Democratic "glad hand."

General Sessions Court Saturday denied the license privilege to John Kelleher, proprietor of the Practical Farmer Hotel in Brandywine hundred. The remon strance against the application of Frank Shaw, Eighth and Orange streets, Wilmington, was withdrawn, and the ficengranted. Licenses were also granted t Keil & Roek, Second and King street and Ermenio Bulgiana, No. 17 East Fro street, Wilmington. Reuben W. Warwithdrew his application for a license Townsend, thus disposing of the remonstrance against him
